Hariharan Thiyagarajan

Full Stack Developer | React Native Mobile Developer

hariharansept12@gmail.com 6382731018 linkedin.com/in/hariharan-thiyagarajan

PROFESSIONAL SUMMARY:

Full Stack Developer with hands-on experience building cross-platform React Native applications for Android and iOS, backed by RESTful APIs, PostgreSQL, TypeScript, Java, and Spring Boot. Experienced in translating complex business workflows into responsive mobile experiences and scalable end-to-end application architecture.

TECHNICAL SKILLS:

Languages	Java, JavaScript, TypeScript, SQL, HTML5, CSS3, PHP
Mobile	React Native CLI, Android, iOS, Cross-Platform Development, Mobile UI Integration, API Integration
Frontend	React JS, jQuery, Responsive Web Design, JSON, XML, TypeScript Validation
Backend & APIs	Node.js, Spring Boot, Spring MVC, RESTful APIs, Microservices, OOP, Design Patterns, Multithreading
Databases	PostgreSQL, MySQL, MongoDB, Oracle, Stored Procedures, SQL Functions, Database Migration, Query Optimization
Tools & DevOps	Git, GitHub, VS Code, Postman, Maven, Eclipse, Selenium, Figma, CI/CD, Agile/Scrum, SDLC, Unit Testing, Debugging

EXPERIENCE:

Full Stack Developer, Akranta Software Technologies Mar 2026 - Present

- Engineered a real-time React Native CLI application, translating production web workflows into responsive, cross-platform Android/iOS screens and integrating mobile API flows.
- Architected scalable Spring Boot REST APIs and microservices from complex Java business logic, enabling seamless integration across web and mobile clients.
- Implemented TypeScript form/data validation and PostgreSQL tables, SQL functions, and stored procedures supporting core application modules.
- Collaborated in Agile/Scrum delivery using Git for version control, code reviews, debugging, and unit testing.

Full Stack Developer Intern, Akranta Software Technologies Jan 2026 - Mar 2026

- Developed Java/Spring Boot RESTful APIs and enhanced JSP/jQuery interfaces, connecting enterprise application modules through reliable backend integrations.
- Migrated Oracle functions, stored procedures, and complex queries to PostgreSQL, maintaining data integrity and improving query performance.
- Supported end-to-end debugging, unit testing, and performance optimization across frontend, backend, and database layers.

Web Developer Intern, Shiash Info Solutions Jan 2024 - Mar 2024

- Contributed to full-cycle website development, improving UI/UX through responsive layouts and effective visual design; recognized as Best Intern of the Month.

PROJECTS:

IoT Based Smart Agriculture Arduino, Raspberry Pi, ESP32, Sensors

- Designed real-time agricultural monitoring using multi-sensor integration, calibration, and data acquisition; filed a patent for the smart-farming innovation.

Personal Portfolio Website HTML, CSS, JavaScript, Neocities

- Developed and deployed a responsive portfolio focused on interactivity, usability, and public online visibility.

EDUCATION:

M Kumarasamy College of Engineering, Karur Nov 2020 - Jun 2024

B.E. in Electronics and Communication Engineering CGPA: 7.3

CERTIFICATIONS & ACHIEVEMENTS:

- Node JS Intermediate (HackerRank) | SQL (HackerRank) | Java (Great Learning) | Best Intern of the Month (Shiash)
